

To whom it may concern,

IMSAR LLC's FCC application for STA under File Number 0674-EX-ST-2020 for airborne radar operations near Pendleton, OR is in relative close proximity to the Boardman Naval Bombing Range, OR. IMSAR acknowledges that frequency coordination with the Boardman Spectrum/Frequency Manager may be required as a part of this filing.

To assist with such coordination, IMSAR provides the supplemental information that the radar system under this STA filing is the same model as the system covered under a Stage 3 1494 with Coordinating ID: J/F 12/10852. This 1494 covers the characteristics of this system, which has been approved under the aforementioned 1494 for use at Boardman Naval Bombing Range.

Thank you,

Riley Hansen
