(Location of station)

Special Temporary Authority is hereby granted to operate the radio transmitting apparatus described below:

Frequency MHz	Authorized Power (watts)	Emission Designator
910-920	-53 dBm	*

This authorization is for the purpose of testing a modified version of its encoder receiver-transmitter ("ERT") for utility meters.

This special temporary authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This special temporary authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control by the Government of the United States conferred by Section 706 of the Communications Act of 1934.

This authorization effective July 30, 1992 and
will expire 3:00 A.M. EST. September 30, 1992

RE: Request for Extension of Special
Temporary Authority for KA2XMJ;
File No. S-1037-EX-92

Dear Mr. Wright:

EnScan, Inc. ("EnScan"), by its attorneys, hereby requests an extension of its previously granted special temporary authority ("STA") to use the 910-920 MHz frequency band authorized under Part 15 for low-power communications device transmissions to test a modified version of its encoder receiver-transmitter ("ERT[®]") for utility meters. That STA, File No. S-1037-EX-92 is currently set to expire on July 30, 1992. EnScan respectfully requests a 60 day extension, until September 30, 1992.

The above referenced STA, granted on March 30, 1992 authorized for testing in the Chicago, Illinois area, at a higher power level under Part 5 of the Commission's Rules until July 30, 1992. At this time, however, EnScan anticipates an additional period of time to complete the crucial final stages of its testing.

EnScan certifies that neither it nor any party to this application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 853a.

For the forgoing reasons, EnScan respectfully requests a 60 day extension of special temporary authority to continue conducting an experimental demonstration and testing of the EnScan system involving approximately 1000 ERT® units in Chicago, Illinois.

Please direct any questions to the undersigned.

Respectfully Submitted,
