

February 19, 2019

Form 422 File Number: 0024-EX-ML-2019, modification request

To Whom It May Concern:

On behalf of IMSAR LLC, I would like to apply for a modification of Experimental License Call Sign WE2XVR to further the development and testing of low power radar systems. This application modifies the output power/ERP for the following location:

1. Utah, UT: We request to modify the following Output Power/ERP.

1. 10.25000000 GHz, 10 W/1531.1 W

2. We request the following antenna locations be deleted from the license:

1. Fort Polk, Louisiana
2. Fort Drum, New York
3. Fort McCoy, Wisconsin
4. Camp Roberts, California

Sincerely,

Josh Snook
