

Inmarsat Hawaii Inc.
FCC Form 442
Response to Question 14

Inmarsat Hawaii Inc. submits this response to Question 14 of FCC Form 442 out of an abundance of caution. In 2005, the Commission dismissed a Petition for Declaratory Ruling (the “Petition”) filed by the Inmarsat Hawaii Inc.’s affiliate, Inmarsat Global Limited (“Inmarsat Global”), seeking United States market access to provide MSS in the 2 GHz band. Subsequent to Inmarsat Global’s filing, the Commission assigned all 2 GHz spectrum currently allocated for MSS in the United States to two other satellite operators, and thus dismissed Inmarsat Global’s Petition.¹ Inmarsat Global has sought reconsideration of both the Commission’s disposition of the 2 GHz band and the accompanying dismissal of its Petition.²
