

To: FCC OET frequency licensing office

From: Insitu Inc., Ben Schreffler

Insitu builds unmanned air vehicles to fulfill government contracts. Insitu needs frequency licensing in Stevenson and Bingen Washington to conduct ground tests and maintenance of aircraft and supporting ground equipment. Douglas Thorpe is a project Manager for Navair he is the PM for Insitus' Navy UAS ISR "Bridge" services contract, the DoD contract number is: N00019-08-D-0013. Douglas Thorpe is willing to act as POC for Insitus' frequency licensing applications.

His POC info follows:

Douglas Thorp
Close Range IPT, PMA 263
W (301) 757-5839 DSN: 757
C (301) 904-1511
douglas.thorp@navy.mil

Thank You,

Ben Schreffler
