Message:

Dear Mr. Thomas Cokenias:

Please clarify if one antenna is fixed and the other is mobile. Currently both antennas are labeled as "Base and Mobile". As we discussed by phone previously, please try to use one antenna for both base and mobile operations instead of using one for base and a separate one for mobile as doing so often causes delays in the processing of your applications.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of December 05, 2005 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
