Importance: High

Dear John,

Thank you for the email regarding Intelsat's above-referenced STA application.

- (1) With respect to your request that we add the Peak ERP and tolerances for the bands 10.95-11.2 GHz and 11.45-12.2 GHz, we note that these are the receivebands and thus there are no Peak ERP or tolerances to add. Would you please confirm that no further information is required?
- (2) As you requested, we have added the emission designators for the bands $11.45-12.2~\mathrm{GHz}$ and $14-14.5~\mathrm{GHz}$.
- (3) Please note that we have also corrected the tolerances (in percentage) for the 14-14.5 GHz band. The correct tolerance is 0.05. The initial filing incorrectly stated the tolerance as 0.005.

Dear Mr. Robert Mansbach:

Please complete the Transmitter Section of this application by entering the Peak Effective Radiated Powers and the Tolerances (in percentage) for the bands $10.95-11.2~\mathrm{GHz}$ and $11.45-12.2~\mathrm{GHz}$.

Also, please report the Emission Designators for the bands $11.45-12.2~\mathrm{GHz}$ and $14-14.5~\mathrm{GHz}$.

Confirmation Number: EL14065
