RE: EXPERIMENTAL RADIO STATION
SPECIAL TEMPORARY AUTHORIZATION
APPLICATION # 0142-EX-ST-2010

SUBJECT: PURPOSE OF EXPERIMENTATION
ANTENNA DESCRIPTION

To the Commission:

The undersigned states that this Special Temporary Authorization application is submitted in connection with student stage productions at Wendell Phillips K-8 (Elementary) School. The students intend that their efforts be recorded and/or webcast for parents who are disabled or homebound. The experimentation will be conducted under the supervision of the undersigned. The antenna is a $\frac{1}{4}$ wavelength vertically polarized antenna extending from a $\frac{1}{2}$ to 1 wavelength extension of 70 ohm coaxial cable. While the maximum mean power of the transmitter is stated at 1 Watt ERP, that is an absolute maximum and the likely power shall be much lower. The operations will be conducted indoors. The locations are selected for instructional and productional value.

Respectfully Submitted:

James Edwin Whedbee, M.Ed.
