

AMENDMENT

Joby Aero, Inc. (“Joby”) hereby amends its pending application to request that the FCC expressly exempt the proposed station from the station identification requirements set forth in Section 5.115 of the Commission’s rules.¹ This rule section provides that licensees may be exempted from these requirements if so specified by the terms of their station authorization. Because the subject equipment is not capable of transmitting station identification information in the mode required, Joby respectfully requests that any authorization issued for the proposed station include a condition expressly exempting the station from Section 5.115 of the Commission’s rules.
