Re: Renewal Application, FCC Form 405
Experimental Radio Station (non-broadcast)
FCC Call Sign KQ2XSX; File No. 4662-EX-MR-95

Dear Mr. Marrangoni:

On behalf of Kavouras, Inc. ("Kavouras"), please find attached an application for renewal of the above referenced experimental authorization for a meteorological pulsed doppler radar device. The original application, together with a filing fee in the amount of \$45 has been filed with the Mellon Bank in Pittsburgh.

By the attached request, Kavouras seeks approval to continue its experimental operation of the radar device without interruption. We would appreciate your prompt attention to this request.

Please contact the undersigned attorney for Kavouras at 202-414-9260 in the event you have any questions or wish to discuss the attached application matter. You may also speak with my colleague Stefan Lopatkiewicz at 202-414-9250.

Sincerely yours,

Brigitte L. Adams
