Application Narrative for Proposed Equipment

Proposed Program

Kalitta Air, LLC is proposing GPS within their aircraft hangar buildings for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of three aircraft facilities, located at 5063 Skyway Dr., Oscoda, MI with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their aircraft to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
