Re: Experimental Radio Station WD2XMN
Notification of Change in Licensee Name / Incorrectly Associated FRN

Dear Ms. Dortch:

The licensee of the above-referenced experimental radio station, by its counsel, hereby notifies the Commission that its name has changed from Mark IV Industries Corp. to:

Kapsch TrafficCom IVHS Inc.

No change in ownership, control, corporate form, corporate organization, or corporate governance of the licensee occurred in connection with this change in the licensee's name.

In addition, the licensee, through inquiry to the Commission, recently learned that Commission records associate an incorrect Federal Registration Number ("FRN") with the above-referenced experimental radio station. The currently-associated FRN is 0020322020. The FRN that should be associated with this station is:

0019572015

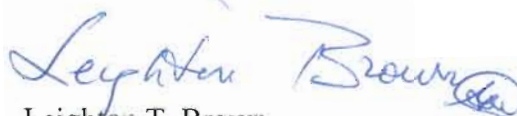

The licensee has updated the Commission's CORES database in order to associate its new name with the above-referenced FRN (0019572015), which previously was associated with the licensee's former name.

Please update the Commission's records to reflect this change in licensee name and to associate the correct FRN with the above-referenced experimental radio station.

Marlene H. Dortch, Esq., Secretary
