Message:

Greetings. Per the request of Mr. Benham Ghaffari of the Commission's Staff, the following person will be the on-site "stop buzzer" point of contact for this STA during operation:

Mr. Joel Berger, Kenwood Research and Development
Cell number: 678-449-8879

Mr. Berger will be on-site and available at all times to terminate operation immediately in case of an interference complaint.

Thank you for your help.
