Subject: FCC File No. 0014-EX-AL-2021

Message:

Behnam:

I hope this message finds you well. I represent Kratos Defense & Security Solutions, Inc. in the application for pro forma assignment of Call Sign WE2XDF from Kratos Antenna Holdings Division, Inc. to Kratos Antenna Solutions Corporation (FCC File No. 0014-EX-AL-2021).

We can confirm that the above-referenced pro forma assignment of control application filed with the FCC Experimental Licensing Branch is the only FCC application that is pending and the only FCC application that will be filed related to the assignment of control from Kratos Antenna Holdings Division, Inc. to Kratos Antenna Solutions Corporation.

Should you have any further questions, please feel free to contact me via email at sconley@wiley.law or at (202) 719-4572.

Thanks,

Steve
