Subject: 0156-EX-CN-2019 pre-coordination data request

---

Message:

I am not sure who to contact in the FAA to obtain permission for use of 1030 and 1090 at the new KRATOS UAS OK City Facility.

I tried to use the FAA FCC coordination website

<https://webfcr.faa.gov/Account/Login.aspx?ReturnUrl=%2f> but when I attempt to create an account it comes up account deactivated. I am in contact with a gentleman named Surya whose email is 'surya.ctr.kanchiraju@faa.gov', but I am not sure how his website works.

Is the FEDERAL AVIATION ADMINISTRATION'S (FAA) FREQUENCY COORDINATION REQUEST (FCR) INTERNET PORTAL the recommended process for FCC FAA coordination?

I could use any help you could provide and any help is greatly appreciated.
