Subject: FCC File # 0112-EX-ST-2008

---

Message:

John, it was good talking to you earlier. Per our conversation, Comsearch has been selected as the frequency coordinator for the CTIA tradeshow. As such, we are also filing the FCC STA applications for a number of the vendors who will be demonstrating. To the end that we can accomodate the various vendors, we are requesting additional channels for each user. This will help in keeping the overall frequency environment interference free as we coordiante with the various users.

I hope this helps. Please feel free to contact me if you have additional questions.

Rich
