John,

Thanks for your call earlier today.

I have found the correct coordinates. They are:

39° 43' 52"N, 84° 05' 12"W (WGS84/NAD83)

It looks like I transposed a couple of numbers.

This is in Beavercreek, but Mapquest also identifies this as Dayton. So let's put in Dayton.

I will go onto the website and try to apply these changes there too, by adding a note to the application.

Thanks

Brent Locher
