XTAR, LLC

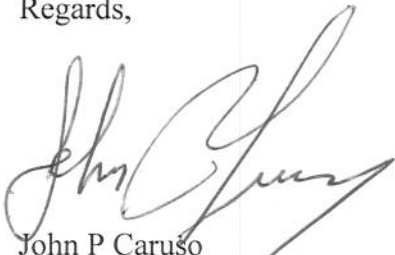

Dear Gary Chesney:

L-3 GCS Inc. is requesting from us sponsorship for a proposed demonstration of their VSAT equipment utilizing X-band bandwidth from the XTAR-LANT satellite.

We have reviewed this request and can affirm that this technology briefing they are providing will assist us with the fight of the Global War on Terror. This demonstration would be in the interest to the U.S. and our agency offers our sponsorship for the demonstration.

If any questions, please contact me directly.

Regards,
