Subject: NGT numbers

Hi Phuong

I need to renew an FCC license, file # 0350-ex-rr-2014 that requires NGT numbers. NGT numbers for frequencies 1046Mhz, 1145Mhz and 1370-Mhz were issued 9/20/2012 (039715, 039711 and T120404).

The FAA reference number from a past filing is 2011-AWP-6563-OE. Thanks for your help
