Subject: FCC File No. 0417-EX-ST-2021

Message:

This email is your AFTRCC coordination.

This coordination includes this header information, DOD Area Frequency Coordinator comments and AFTRCC comments. These messages must not be separated.

This coordination is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgment that the frequency(ies) is best suited for the applicant's purpose nor that the frequency(ies) is exclusive to the applicant. Flight Test frequencies are shared and may require scheduling with other users.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, agents, members, and representatives from any claims, losses or expenses that may arise from the use of the frequency.

This coordination is not an authorization to transmit. A copy of this coordination must accompany application to the FCC.

Wayne:

OK I’m better now ;-D

Poor L3/Harris Corp. They almost got shot in the face by MIDLANTAFC incorrectly by association with this broadcaster crap ;-D

MIDLANTAFC concurs with AFTRCC position on this AFTRCC ICN 1236-21/8753 C. Scheduling and STOP BUZZER POC not required for ground based testing in Ashburn VA.

V/r,
Scott

Scott,
This is not a broadcaster event but ground testing of telemetry/telecommand datalink in support of Government contract. Some testing will be done inside hangar/lab and other testing on aircraft parked on a ramp. The MIRAD is 1.24 miles. Can get an onsite Stop Buzzer contact if you need one.
Wayne
