Subject: 1030-EX-ST-2020 pre-coordination data request

---

Message:

Please see the amended application and attachment. The 100-150 MHz frequency range has been changed to 175-200 MHz and the 300-350 MHz frequency range changed to 450-460 MHz in the hopes of eliminating the need to do a pre-coordination with the FAA.
