**Re: Request for Licensee Name, FRN, and POC Correction**  
L3Harris Corporation/L3Harris Technologies, Inc.  
Experimental Authorization: WK2XME, File #0469-EX-CR-2021

Dear Ms. Dortch:

L3Harris Technologies, Inc. ("L3Harris") hereby submits this letter to request that the Commission's Experimental Licensing Branch correct the licensee name, associated FRN, and authorization Point of Contact ("POC") for experimental authorization WK2XME. The background regarding this request is as follows:

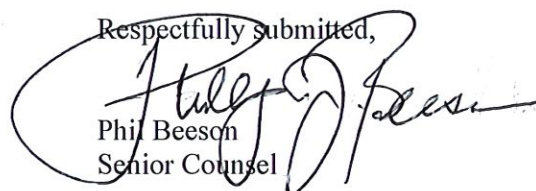

Recently, the L3Harris employee that submitted the renewal application last year for this experimental license (the "Authorization") left the Company. L3Harris wanted to update the Authorization's POC when it noted that the licensee's name and FCC Registration Number also needed correction. Accordingly, L3Harris requests that the licensee name/FRN and authorization POC be updated:

**From:** L3Harris Corporation (FRN 0004945812), POC Tom Howell at (434) 455-9536,  
[Tom.howell@L3Harris.com](mailto:Tom.howell@L3Harris.com)

**To:** L3Harris Technologies, Inc. (FRN 0003791472), POC Jason Grisso at (434) 455-9536,  
[jason.grisso@L3Harris.com](mailto:jason.grisso@L3Harris.com)

In addition, since the Authorization's most recent renewal in 2021, there has been no change in ownership requiring separate FCC approval. However, the identifying information for L3Harris should have used the FCC registration number 0003791472 (which is used generally for the company's hundreds of FCC authorizations).

Accordingly, per the OET's FAQ page, L3Harris hereby and respectfully requests that the FCC update the requested information for the Authorization as noted above. In the event there are any questions about this matter, please contact the undersigned.

Respectfully submitted,  
  
Phil Beeson  
Senior Counsel
