Application Narrative for Proposed Equipment

Proposed Program

L3Harris is proposing GPS within their laboratory facility for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of the laboratory facility, located at 2400 Palm Bay Road, Palm Bay, FL with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies and testing there GPS receivers to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
