Hello Behnam,

Thank you for letting me know that you are still awaiting payment. I paid with my credit card yesterday but when I go and look at the FCC money webpage, it says that the \$70 charge is still pending. I called my credit card company and they said that charges transition from pending to posted based on the merchant. Maybe the customer support person was wrong but hopefully it will transition on its own from pending to posted very soon. She said it can take up to 3- to days.

Let me know if I should just use another credit to get these moving since it is highly critical for us.

Thanks,
Samuel
