Subject: RE: Leidos - Experimental Station WI2XZF - Draft Modification Application for NRQZ Review - NRQZ ID 13154
Attachments: Draft Modification Application to Remove Ground Operations - WI2XZF.pdf

Dear Mr. Rummel.

The NRQZ office has reviewed the proposed application for WI2XZF (attached) and has the following comments.

The NRAO has no objection to the proposed application modification of WI2XZF provided there are no fixed facilities associated with the frequency assignment. Modifications that would include a fixed facility would require re-coordination prior to activation.

The NRQZ has no objection to the assignment insomuch as it is "mobile-only" (the antenna is vehicular-mount on an aircraft).

The NRQZ office does request the voluntary notification of operation within 20 nautical miles of the Green Bank Observatory. Notification can be via email or phone at the following:
NRQZ Administrator, Paulette Woody, 304-456-2107 and/or nrqz@nrao.edu

Therefore, the NRQZ office, on behalf of the National Radio Astronomy Observatory, Green Bank Observatory, Green Bank, WV and the Sugar Grove Research Station, Sugar Grove, WV, has no objections to this frequency assignment.

The applicant may use this email to satisfy coordination requirements of the FCC.

If there are any questions or concerns, please feel free to contact me.

Sincerest regards,

Paulette
