Application Reason/Purpose	Coordination of tabled assignments
File/Docket/Assignment #	0613-EX-CN-2017 // J1350651 NG-207196; J1350638 NG-207197
Applicant Name	Leidos Inc. - Bridgewater, VA for US Army
Call Sign / File No.	NEW /
Site Name or Loc	L1 Bridgewater
Nearest City/State	Bridgewater, VA
N Latitude	38 22 00.00
W Longitude	78 57 37.00
Ground Elevation (m)	Not provided as operation is Mobile-only
Frequency (MHz)	29500 MHz and 13750 MHz respectively
Emission Designator	10M00G1W
Transmitter Power Out W	50 Watts and 150 Watts respectively
Previous NRAO Coordination No.	NRQZ ID None – New assignments
Current NRAO Coordination No.	NRQZ ID 11137_04OCT2017

Dear NSF FAS Representative,

The National Radio Quiet Zone (NRQZ) has evaluated these facilities to determine the interference impact on our highly sensitive radio astronomy operations.

The National Radio Astronomy Observatory (NRAO), Green Bank, WV, has no objection to this application and recommends a vote of approve.

To complete regulatory requirements, the requesting agency shall add the NRQZ ID number to the supplemental details of the assignment.

The Sugar Grove Research Station, Sugar Grove, WV has no objections.

This letter constitutes coordination of assignment in the National Radio Quiet Zone as required by NTIA Manual Section 8.3.9.

If I may be of assistance, please feel free to contact me.

Sincerest regards,

Paulette W. Woody  
NRQZ Office Administrator

This concurrence remains valid provided the data contained within is consistent with the applicant's frequency assignment. Any discrepancy in system parameters, such as geographical coordinates (Latitude, Longitude, AMSL), antenna height above ground level (AGL), antenna gains or directivity (orientation), channel (operating frequency/ frequency bands), emission type, or power requires re-coordination. FAS representative(s) having questions regarding the validity of this concurrence, please direct inquiries to [nrqz@nrao.edu](mailto:nrqz@nrao.edu) or 304-456-2107.
