

DESCRIPTION OF OPERATIONS

Lockheed Martin Corporation ("Lockheed Martin") hereby seeks authority under Part 5 of the Commission's rules to permit it test an experimental system. These operations are conducted in support of a U.S. Government contract (No. FA8626-12-D-2138 0008).

Specifically, Lockheed Martin is required to provide a tower demonstration outside area of the Sand Lake Facility in Orlando, FL or the East Test Range near Orlando, FL to the customer that performs the major functional requirements of communicating between Sniper Advanced Targeting Pod (ATP) to ground radio and between two Sniper ATPs.
