DISMISSED-WITHOUT PREJUDICE

Dear Ryan N. Terry,

This refers to application, File No. 0451-EX-CR-2017, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. The FAA is requesting all of the users to move out of this bands because AeroMacs is being deployed at the airport. FAA can accept them as long as they are willing to reduce the power to 0.3W or lower. At the current requested levels they will certainly interfere.

Responses to this correspondence must contain the Reference number : 40283

Anthony Serafini
