Subject: Request for Info - File # 0499-EX-ST-2019

---

Message:

Applicant responds to two requests for additional information from April 8, 2019:

(1) A "stop buzzer" POC is : Josh Martin, 561-494-2445 and 561-494-2324.

(2) Related to the FAA request to submit coordination request via WebFCR, applicant has reviewed its spectrum requirements for these short-duration operations and would be able to limit its transmit operations to the 225-325 MHz range, in order to eliminate the potential for any interference to civilian and military ILS glideslope operations conducted at 328-335 MHz. Please advise whether so restricting transmit operations obviates the need for additional coordination with FAA via WebFCR.
