Lockheed Martin
Mr. Ryan Terry
2121 Crystal Drive, #100
Arlington, VA 22202

Dear Mr. Terry;

Please accept this letter of concurrence from Aviation Spectrum Resources Inc. (ASRI) for use of the following frequencies associated datalink testing on frequencies

131.550 MHz (13K0A2D)
136.700 MHz (14K0G1D)

Concurrence is approved for experimental testing by Lockheed Martin at the Dobbins ARB in Marietta GA and Donaldson Field in Greenville SC.

This concurrence is conditioned upon the following:

- All emissions are limited to .1 watts output power
- Only the emissions specified may be transmitted on the respective frequencies.
- There shall not be any harmful interference, or unnecessary traffic with detrimental performance effects, to existing datalink networks or adjacent frequency voice users because of this concurrence.

ASRI grants this concurrence provided that no harmful interference is created to other users. In the event of interference, ASRI may ask that Lockheed Martin. cease operations. If you should have any questions regarding this matter, please contact me via email at ccw@asri.aero or a telephone number 410-266-6030.

Sincerely,

Christopher Wheatley
