Re: Lockheed Martin Corporation LunIR Application;
ITU Cost Recovery

Dear Madame Secretary:

Lockheed Martin Corporation ("Lockheed Martin") is aware that, as a result of actions taken at the International Telecommunication Union ("ITU")'s 1998 Plenipotentiary Conference, and further modified by the ITU Council in subsequent years (1999, 2001, 2002, 2004, 2005, 2008, 2012, and 2013), processing fees will now be charged by the ITU for satellite network filings. As a consequence, applicants before the Federal Communications Commission are responsible for any and all fees charged by the ITU.

Lockheed Martin hereby states it is aware of this requirement and unconditionally accepts all cost recovery responsibilities associated with the ITU filings for the LunIR satellite system. Please address all correspondence related to the LunIR satellite system to the undersigned.

Respectfully submitted,

/s/ Ryan Neels Terry
