Re: Lynk Global, Inc. – FCC File No. 1184-EX-ST-2020 (Call Sign WQ9XDP)

Dear Ms. Dortch:

On December 14, 2020, Globalstar, Inc. (“Globalstar”) submitted an informal objection regarding the 120-day Special Temporary Experimental Authorization granted to Lynk Global, Inc. (“Lynk”) on October 30, 2020 (“October 30 STA”).¹ Since this submission, Globalstar and Lynk have communicated regarding Lynk’s current reliance on Globalstar’s licensed mobile satellite service (“MSS”) network for TT&C operations, pursuant to the October STA. Based on this correspondence, Globalstar now withdraws its informal objection to future extensions of the October STA beyond the February 26, 2021 expiration date for this authorization.

Please direct any questions regarding this response to the undersigned

Respectfully submitted,

/s/ L. Barbee Ponder IV
