MRTC, Ltd.
Application for Special Temporary Authority
File No. 1091-EX-ST-2013

PURPOSE OF STA AND FREQUENCY COORDINATION

The purpose of this STA is to test an automobile racing communications system for voice and telemetry that is in the developmental stage.

The applicant requires two frequency pairs in the range 167-168 MHz and 172 MHz for duplex voice operations and a single frequency in the range of 442 MHz for telemetry.

The proposed operation in the Amateur Radio band 420-450 MHz near 442 MHz has been coordinated with local Amateur Radio coordinators and with ARRL, the national association for Amateur Radio. The applicant has consulted the ULS database with respect to the VHF channel ranges sought and will utilize only unoccupied channels in the area of the Sebring International Raceway.

The “stop buzzer” contact on site on behalf of the applicant will be Mr. Steve Harris, whose mobile number is +44 7973 391 410.
