FCC File No. 0100-EX-RR-1999

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

To: Chief, Office of Engineering and Technology

MOTION TO ACCEPT "RESPONSE TO REPLY TO OPPOSITION"

Maritime Telecommunications Network, Inc. ("MTN"), by its attorneys, hereby requests that the Commission accept for filing the "Response to Reply to Opposition" being simultaneously filed by MTN. The Fixed Wireless Communications Coalition ("FWCC"), the Association of American Railroads ("AAR"), the American Petroleum Institute ("API"), the Association of Public-Safety Communications Officers International ("APCO"), and the United Telecom Council (formerly the Utilities Telecommunications Council or "UTC") (hereinafter collectively referred to as "Joint Petitioners") filed their "Reply to Opposition" ("Reply") on June 15, 2000.

In their Reply the Joint Petitioners took a new approach to their earlier baseless argument that MTN is causing disruptive interference to fixed microwave facilities. In taking a new approach, they presented new technical discussion from M. Philip Salas, their technical expert. Because MTN has

never had an opportunity to respond to the new technical information, it is seeking an opportunity to file its response.

Respectfully submitted,

MARITIME TELECOMMUNICATIONS
NETWORK, INC.
