Message:

My intent was for there to be two STAs. there were supposed to be two different locations and date ranges using the same system (or technical data). When I began the second STA filing (1808-EX-ST-2020) there was a button that referenced the first STA to use as a template. I thought I could use all the same administrative and technical data and update the location & date range and it would be a separate STA.

if this is not the case, I would like to keep the original filing 1767-EX-ST-2020 and resubmit for a new STA for the additional location.

Please let me know how to proceed. I can be contacted at 734-480-5018 O or 734-777-8848 C

Thank you
