Subject: Request for Info - STA File # 0411-EX-ST-2002

---

-----  
Message:

Justification for the original STA (file # 0150-EX-ST-2002) was that it was for test and demonstration of mobile terminals not yet approved. What is the equipment approval status at present? I noticed that you have also filed for a 2-year experimental license to continue this program. The Experimental Licensing Branch does not routinely grant open-ended licenses for demonstration of unapproved equipment without explanation of where the project is headed in the long term and when the equipment will be approved for regular use.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 20, 2002 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
