Dear Mr. Ghaffari,

I have been corresponding with Mr. Khoat Nguyen of the FAA to obtain the NGT numbers you requested last month. Unfortunately, he was on vacation for a time and then, after he returned, the government shutdown occurred, so this is the first time I have been able to get back to you.

Mr. Nguyen's reply to my request was as follows:

“FCC has already approved two licenses operating at 15 kW with different frequencies, valid through September 30, 2015:

NG 147700 / M1081, and NG 147702 / M1198

Khoat Nguyen

425-227-1172 (O)

425-999-0135 (C)”

Do you still need the NGT numbers? If so, do you have any recommendations as to how I can get Mr. Nguyen to understand why I am requesting them? Also, what is the status of our license for 962 MHz?

Thank you for your help.
