Subject: FCC File No. 0373-EX-PL-2012

---

Message:

Hello Mr. Ghaffari,

We do testing for radios that we supply to the Feds, including Homeland Security, and as such we will still requires frequencies in the VHF and UHF band.

The NTIA bands for VHF is 138-150.8, 162-174 MHz and for UHF 406.1-420 MHz which are also shared with FCC.

So, please proceed with the coordination.

Sincerely,

Mike Ramnath
