Subject: FCC File No. 0155-EX-PL-2008

---

Message:

Mustang Technology Group has coordinated the use of the frequency band 5250-5900 MHz with the Southwest Region (ASW) FAA Regional Office. The coordinated frequency band has been changed in the FCC license application accordingly.

The NGT numbers provided by the FAA Regional Office are:

Texoma, TX: 08-CSA1816-HA

Galveston, TX: 08-CSA0117-GW
