Subject: ITU Cost Recovery Fees for the WVSAT Satellite Network.

Reference: FCC Experimental Application File Number 0553-EX-CN-2021

Dear FCC Secretary,

NearSpace Launch Inc (“NSL”) is aware that as a result of actions taken at the International Telecommunication Union’s 1998 Plenipotentiary Conference, and further modified by the ITU Council in subsequent years (1999, 2001, 2002, 2004, 2005, 2008, 2012 and 2013), processing fees will now be charged by the ITU for satellite network filings. As a consequence, Commission applicants are responsible for any and all fees charged by the ITU. NSL hereby states that it is aware of this requirement and unconditionally accepts all cost recovery responsibilities associated with the ITU filings for the WVSAT satellite network. Please address all correspondence related to the WVSAT satellite network to the following point of contact:
