-----  
Message:

Dear Mr. Stan Sell:

Please submit a detailed description of this experiment.

Please report the radius of mobile operations (in kilometers) about the geographical coordinates in Irving, TX, and Fort Worth, TX.

Please confirm that all of the reported Effective Radiated Powers (ERPs) are Peak ERPs and not Mean ERPs.

Due to possible objections by the US Air Force to the use of 1755-1785 MHz and 1805-1850 MHz, would you like to exclude these bands?

For which band, if any, is a power increase being requested in this modification application, and what is the new Peak ERP?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 10, 2005 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
