

**EXHIBIT 1  
FCC FORM 442  
ITEM 8**

Northrop Grumman Corporation currently has two contracts with the Ministry of National Defense of The Democratic and Popular Republic of Algeria for the delivery of the solid state, 3-D S-Band surveillance radar family with integral L-Band IFF. Two different members of the radar family are being delivered. The first being the long range TPS-70SS, which, subsequent to our effective contract with the Algerians, has been nomenclatured, the AN/TPS-78 by the USAF. The second being a short-range variant that Northrop Grumman refers to as the TPS-703. The table below indicates the contract number, quantities, and end user of each of the two contracts.

Contract Number	Qty of TPS-70SS	Qty of TPS-703	End User
Contract # 13/02	16	4	Department of Air Defense (CFDAT)
Contract # 653		8	Department of the Navy (CFN)

Technical Assistance Agreements (TAA) has been authorized by the US Department of State for each of the contracts. The TAA cases are TA1144-02 and TA143-02 for the CFDAT and CFN contracts respectively.
