

**Request for Experimental License**

Northrop Grumman Corporation submits the attached application to replace the STA granted by the Commission on March 2, 2009 under call sign WD9XPS (file number 0037-EX-ST-2009). The purpose of this request is to permit testing of the transmitter/antenna component of a newly designed Real-time Precision Targeting radar system. The equipment will be operated aeronautical mobile at a maximum altitude of 30,000 feet within a 150 mile radius of the fixed location indicated in the application.

The stop buzzer is Mr. Fred Berrong, (661) 272-7033 or (661) 810-4328.
