

## Northrop Grumman Systems Corporation

Northrop Grumman Systems Corporation (NGSC) requests modification of experimental license WH2XSA, File No. 0140-EX-CR-2017, for the purpose of deleting location (3), and in its place adding a new location in Linthicum, Maryland. All operating details remain identical, except that at the new Linthicum location the antenna will be mounted 1.2 meters above ground, with antenna azimuth of 50 degrees (center of azimuth), +/- 30 degrees (field of regard).

Please direct any questions to Kevin Nekula, Northrop Grumman Systems Corporation, at (410) 765-6567 or [kevin.nekula@ngc.com](mailto:kevin.nekula@ngc.com).
