

**Northrop Grumman Systems Corporation**

Northrop Grumman Systems Corporation (“NGSC”) submits this application to modify experimental license WA2XON to (1) delete the location at Melville (Suffolk), New York; (2) add a new location at Bethpage (Nassau), New York; and (3) update the contract number and point of contact.

The frequency band and technical parameters at Bethpage, New York, are to be the same as those being deleted for the Melville, New York, location.
