Subject: 0548-EX-CR-2018 pre-coordination data request

Message:

Please delete the following frequencies from those requested in the renewal application for KA2XGP: 2700-2900 MHz, and 9000-9200 MHz. FAA pre-coordination cannot be obtained at this time, so Northrop Grumman requests their removal from the renewal application and grant of the remaining frequencies. (AFTRCC pre-coordination is in progress for the "S" band.) Thank you.
