Subject: Additional Information Request

---

Message:

Mike,

I believe you mentioned that you were going to file a mod to include ground station.

Ground Station Information is missing in the application. Please fill that out.

“ The ground station is currently licensed under 0343-EX-CN-2018. We will modify this to include support of Spacelce, probably within the next week or so. Then later this year the modified license will be extended. The ground station will be as described in the NTIA form attached, and in the Spacecap previously sent.”

Can you provide me with the Modification request file number 0343-EX-CN-2018 Call Sign WJ2XOD to add SpacelCE? I am certain almost everyone will ask for this information.

V/r,  
Nimesh
