Subject: Additional Information Request

Message:

Please address the following questions/concerns:

1) Is this a duplicate filing of 1088-EX-ST-2021?

2) Your exhibit states "Transmissions will occur within specified wide-area offshore zones on frequencies in the 1.14-1.50 GHz range" but your STA request has 1390-1400 MHz. If you only require 1390-1400 MHz then please provide an updated exhibit and only mention the frequency band 1390-1400 MHz.

3) Provide detailed information in the "If Mobile, describe the exact area of operation."

If the center coordinates are located on a water body then enter the name of the Lake or Ocean.

If the center coordinates are located on land then enter the name of City or Town and State.

4) Change the Start Date to at least 15 days from the day you respond to the above questions and concerns. We require time to coordinate your STA.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 13, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
