

Sir/Madam:

This submission is for low-power ($\leq 2W$) small-operational radius ($\leq 2km$) base station(s) and associated user equipment (Ue) in support of Oceus Networks' staging, testing and sustainment support for the New Jersey Net BTOC Deployment. This deployment uses Commercial-Off-The-Shelf (COTS) base station equipment with Public Safety LTE Band 14 radios and user equipment from a variety of manufacturers.
