Subject: Request for Info - File # 0015-EX-PL-2016

Message:

To clarify the previously submitted exhibits for 0013PL and 0015PL , these licenses are necessary for our Texas units to provide direct support to the New Jersey Net BTOC Deployment. Oceus Networks conducts all pre-deployment staging and testing as well as sustainment support in the Operations Center at The Colony, TX (0013PL) and in the Plano Lab, Plano TX (0015PL).
